Bob:

Vaughn Holcombe called for you and spoke to me in your absence concerning Treasury's response to our request for comments on the terms of reference for the NTISSC ~~and~~ Countermeasures Advisory Panel. He said there appears to be a conflict; thinks it foolish to set up a body to do what an existing one already does; believes issue should be referred to higher authority (not specified) for resolution; will send us a memo on subject soon.

Vaughn says Secret Service, which deals with TSCM and ~~EM~~PEST on a consolidated basis, doesn't care who provides security guidance.
